Your 24!

Voilà Bagatelle is the first hotel in Mauritius to offer customers no forced check-in & check-out times on day of arrival & departure.

Your check-in time on your arrival day becomes your check-out time on your departure day.

You pay for 24-hrs in the day; we honour 24-hrs in the day! (conditions apply).

Green values

The steps taken in building our hotel speak volumes on how much care we have taken to create a safe environment for our customers, our staff and our future.

Operating a better way

We constantly work to provide facilities to guests without compromising the environment.

Buiding a better way

Voilà Bagatelle has been orientated to take full advantage of the climate of Bagatelle (sunshine, rain & wind). The building's efficiency ensures client comfort.

Additionally, the windows of some guest rooms have performance glazing to provide UV insulation from direct sunlight.

Low VOC paint used! These new paints are lasting and less harmful to human health and the environment.

Natural ventilation and air-conditioning in a better way

Voilà Bagatelle is designed so that all public areas are naturally ventilated.

In guest rooms, for their comfort, guests can select fan or air-conditioning. Control of power to the room is through a key receptacle switch.

Hot water a better way

Guest hot water is heated using recycled hot air from the hotel's AC plant. This is supplemented by solar panels on the hotel roof.

Lighting a better way

All lighting in the hotel is LED (Light Emitting Diode).

Guest amenities a better way

Guest rooms and public area restrooms use dispensers, not disposable plastic bottles.

Meetings facilities

Voilà Meetings goal is to help Meeting Organisers accomplish more.

1. Inform & Educate
2. Network & Promote
3. Create & Innovate
4. Discuss & Decide
5. Play & Celebrate

Voilà Meetings offers state of the art facilities for up to 100 persons. Our meetings rooms have been designed to suit specific requirements.
